PIALI ASHAR ALO

Feature Story

18th Anniversary Celebration

Our Annual Function was celebrated with great joy and enthusiasm, centered on the theme “Never Give Up.” Students from all classes participated in dances, songs, recitations, and skits, confidently showcasing their talents.

The event was especially meaningful as it marked 18 years of our school’s journey. Students, teachers, parents, and guests came together to celebrate learning, creativity, and the strong spirit of our school community.

“It was truly special to anchor the program at the school where I have studied since nursery.” – Sanchita, Class XI

A Week of Music with Bluegrass Journeymen

In collaboration with Bluegrass Journeymen and local Indian artists, our students enjoyed a wonderful week of musical learning and exchange. The musicians conducted engaging classes in violin, guitar, ukulele, and singing, giving our students a chance to explore new instruments and musical styles.

The week ended with a heartfelt performance at the Little Sisters of the Poor old-age home, where students and musicians performed together and shared joy through music.

In Your Eyes

Everyone is different
In different people's eyes.
Sometimes I get disappointed
Why this kind of rules?
That we need to be different
In different people's eyes.

I'm also not exceptional
I'm also in the team of those
people
Who are lost for trying
To be good in everyone's eyes.
But always a curiosity
Always wanders around my
mind.
Who am I?
In your eyes?

* By Monami, class IX

Health & Dental Check-Up Camps

We organized health and dental check-up camps with the Lions Club, Ispat Hospital, and the Indian Dental Association. Students and villagers received general, eye, gynecological, and dental care, along with blood tests and free medicines. The camps also raised awareness about oral hygiene, and those needing further treatment, including dental care and cataract operations, were supported.

Educational Excursion to Murshidabad

Our students from Classes 8 to 10 recently went on a two-day educational excursion to Murshidabad, a city rich in history and culture.

During the trip, students visited several important historical sites such as the Hazarduari Palace, known for its grand architecture, the Kathgola Palace and the Nashipur Rajbari, which reflect the opulence of the past, as well as the historic Katra Mosque. They also explored the House of Jagat Seth, associated with the famous banking family, saw the impressive Jahan Kosha Cannon, and visited Motijheel Park, an area of great historical importance.

Walking through these places brought their textbook lessons to life and helped them develop a deeper understanding of history beyond the classroom.

Reaching Out Through Home Visits

Receiving and Giving

While our children are grateful to receive sweaters, school bags, supplies, and small treats, they are also learning something deeper—the value of sharing, kindness, and caring for those in need, especially the elders in our community.

"I FELT VERY HAPPY TO GIVE AND SEE PEOPLE SMILING. IT MADE ME FEEL GOOD INSIDE. I ALSO LIKED TALKING TO THEM AND ASKING QUESTIONS. THEY WERE HAPPY THAT WE SPENT TIME WITH THEM."

— Sreeparna, class IX

From Student to Changemaker

We are very proud of our former student, Tazmira, who has opened her own school with the help of community leaders in her village. Many of the ideas she learned in our school are now being used in her own community. It is wonderful to see her so confident and eager to give back.

“Since I was young, I dreamed of helping my community. At Piali Ashar Alo, I learned not only subjects but also values from my teachers, Sir and Ma’am. I am deeply grateful to them. They inspired me, and I hope to become like them one day and continue serving others.” - Tazmira

Volunteer Ayushi spent a month with us, bringing learning, creativity, and warmth to our days.

A New Journey Begins – Class 10 Batch 2025

Students of Class 10, Batch 2025, finished their classes in December and appeared for their state board exams in February. After the results, which will be announced in May, they will continue their journey in government schools with our full support.

As a farewell gift, each student received a personal diary with inspiring messages from their teachers, along with a photo journey capturing their growth from early years to Class 10.
